

Talal Rahwan

Bio

Talal Rahwan is an Associate Professor of Computer Science and the director of the Data Science and AI Lab at New York University Abu Dhabi. He earned his Ph.D. in Computer Science in 2007 from the University of Southampton, UK, where he received the Dean's award for Early Career Researcher. His Ph.D. thesis earned him the British Computer Society's Distinguished Dissertation Award, which annually recognizes the most outstanding Ph.D. thesis in the UK in Computer Science. He was selected by the IEEE Computer Society as one of the ten most promising, young Artificial Intelligence (AI) researchers in the world. His work appeared in major academic journals including Nature and PNAS. His research received coverage from media outlets worldwide, including Nature, Science, The Times, The Boston Globe, The Independent, New Scientist, Times Higher Education, and Scientific American. Dr. Rahwan's research interests include Data Science, Computational Social Science, Graph Theory, and AI.

Education

- **2003 – 2007: Ph.D. in Computer Science**
 - School of Electronics and Computer Science (ECS), University of Southampton, UK.
 - Dissertation Title: Algorithms for Coalition Formation in Multi-Agent Systems.
- **1998 – 2003: B.Eng. in Informatics**
 - Informatics Engineering, University of Aleppo, Syria (specialization: Software Engineering).

Employment

- **2018 – present: Associate Professor of Computer Science**
 - Department of Computer Science, New York University Abu Dhabi, UAE.
- **2013 – 2018: Assistant Professor of Computer Science**
 - Department of Computer Science, Masdar Institute, Khalifa University, UAE.
- **2008 – 2013: Research Fellow/ Senior Research Fellow**
 - School of Electronics and Computer Science, University of Southampton, UK.

Selected Publications

- H Ibrahim, H Jang, N Aldahoul, A Kaufman, T Rahwan, Y Zaki (2026). "Systematic partisan content skews in TikTok during the 2024 U.S. elections." **Nature**. Media coverage: [The Guardian](#), [Nature](#), [The Telegraph](#), [The Herald Sun](#), [Breitbart News](#), [Truthout](#), [Phys.org](#), [El País](#).
- Y Duan, SA Memon, B AlShebli, Q Guan, P Holme, T Rahwan (2025). "Postdoc publications and citations link to academic retention and faculty success." **PNAS**. Media coverage: [Times Higher Education](#), [The Scientist](#), [Phys.org](#), [Inside Higher Ed](#), [Wonkhe](#), [Physics World](#), [The Transmitter](#), [American Physical Society](#), [Nature](#).
- F Liu, P Holme, M Chiesa, B AlShebli, T Rahwan (2023). "Gender inequality and self-publication are common among academic editors." **Nature Human Behaviour**. Media coverage: [Nature](#), [Times Higher Education](#), [Nature Middle East](#), [University World News](#), [Khaleej Times](#), [Nature News and Views](#), [EurekAlert](#), [New Scientist](#).
- F Liu, T Rahwan, B AlShebli (2023). "Non-White scientists appear on fewer editorial boards, spend more time under review, and receive fewer citations." **PNAS**. Media coverage: [Nature](#), [Science & Development Network](#), [Phys.org](#), [American Physical Society](#), [EurekAlert!](#), [University World News](#), [Physics World](#).

- K Makovi, A Sargsyan, J Bonnefon, T Rahwan (2023). "Trust within human-machine collectives depends on the perceived consensus about cooperative norms". **Nature Communications**. [PsyPost](#)

Awards

- **Recognition at IC2S2-2024**
 - I was invited as a [keynote speaker](#) at IC2S2-2024 (the Int. Conference on Computational Social Science), which has emerged as the dominant conference in the field.
 - We also received the **Best Parallel Talk Award** for our paper: “*Perception, performance, and detectability of conversational artificial intelligence across 32 university courses*” as well as the **Best Poster Award** for our paper “*Big Tech Dominance Despite Global Mistrust.*”
- **AI’s 10 to Watch**
 - I was selected by the IEEE Computer Society as one of [AI’s 10 to Watch](#). The list is published every two years by IEEE Intelligent Systems, in recognition of the **10 most promising, young AI scientists in the world**; the winners are described as the “*stars who promise to be the leaders of the field.*”
- **Distinguished Dissertation Award**
 - I received the British Computer Society’s [Distinguished Dissertation Award](#), which annually recognizes **the most outstanding Ph.D. thesis in the UK in computer science.**
- **Dean Award for Early Career Researchers**
 - I was selected by the Faculty of Physical Sciences and Engineering (at the University of Southampton, UK) as a recipient of the “[Dean Awards for Early Career Researchers.](#)” I received the award under the “*Scientific Research & Publications*” category.
- **Overseas Research Scholarship (ORS) for a Ph.D.**
 - Awarded by the School of Electronics & Computer Science at the University of Southampton in the United Kingdom. The school was ranked 2nd in the UK for the quality of its research according to the *2008 Research Assessment Exercise (RAE)*.
- **Presidential Award for Academic Achievement**
 - Convened by the Syrian Ministry of Higher Education and awarded to *the student ranked 1st in each department* at Syrian universities.

Invited Talks

- **June 2025: HEC Paris Business School, France**
 - Invited by Xitong Li, Professor of Information Systems at HEC Paris to give a talk about my research at the Data Science and AI Lab at NYU Abu Dhabi.
- **July 2024: IC2S2, Philadelphia, USA**
 - Invited to give a [keynote at IC2S2-2024](#) (the International Conference on Computational Social Science). This is the dominant conference falling at the intersection of social and computational science. My talk was titled: “*A Global Perspective of Scientists and Editors.*”
- **July 2023: NetSci, Copenhagen, Denmark**
 - Invited to participate as a [keynote speaker](#) at the Network Inequality satellite at NetSci-2023. The talk was titled: “*Global Inequality in the Academy and the World Wide Web.*”
- **October 2022: MIT, Boston, USA**

- Invited by Prof. Alex ‘Sandy’ Pentland, director of MIT Connection Science, to give a talk titled: *“A Global Perspective of Scientific Publications.”*
- **October 2022: Yale, New Haven, USA**
 - Invited by Prof. Nicholas Christakis, director of the Human Nature Lab at Yale University, to give a talk titled: *“Hiding from AI.”*
- **March 2022: Dubai Expo, UAE**
 - I gave an invited talk at the conference “Humanities and the Rise of AI - Implications of Cultural and Societal Engineering” at Luxemburg Pavilion, Expo 2020. My talk was titled: *“Cooperating with Machines.”*
- **August 2021: Eurasia Summit, Tokyo, Japan**
 - I gave an invited talk at the Eurasian Summit for Models of Society, 2021. The talk I gave was under the title: *“Hiding Communities and Relationships in a Social Network.”*
- **August 2015: Yokohama, Japan**
 - I gave an invited talk at the International Workshop on Market Design Technologies for Sustainable Development, at Yokohama, Japan, to give a talk titled: *“Measuring Synergy in Coalitions.”*

Research Grants

Project title: *“Developing Coalition Formation Algorithms and Solution Concepts, with Applications to Virtual Power Plants.”*

- **Duration:** Sep-2014 till Sep-2016.
- **Budget:** \$280,000.
- **My role:** Principal Investigator.
- **Sponsor:** Masdar Institute of Science and Technology.

Project title: *“Strategic Social Network Analysis to Enhance Security and Privacy.”*

- **Duration:** July-2018 till June-2021.
- **Budget:** \$670,000.
- **My role:** Principal Investigator.
- **Sponsor:** Khalifa University of Science and Technology.

Teaching

- | | |
|------|--|
| 2025 | <ul style="list-style-type: none"> • Spring: Data Structures, taught at NYU Abu Dhabi. • Fall: Computational Social Science, taught at NYU Abu Dhabi. |
| 2024 | <ul style="list-style-type: none"> • Spring: Computational Social Science, taught at NYU Abu Dhabi. • Fall: Computational Social Science, taught at NYU Abu Dhabi. |

| 2022 | <ul style="list-style-type: none"> • Spring: Data Structures, taught at NYU Abu Dhabi. • Fall: Data Structures, taught at NYU Abu Dhabi. |

- 2021
 - Spring: **Computational Social Science**, taught at NYU Abu Dhabi.
 - Fall: **Computational Social Science**, taught at NYU Abu Dhabi.
- 2020
 - Spring: **Computational Social Science**, taught at NYU Abu Dhabi.
 - Fall: **Data Structures**, taught at NYU Abu Dhabi.
- 2019
 - Fall: **Data Structures**, taught at NYU Abu Dhabi.
- 2018
 - Spring: **Machine Learning**, taught at Khalifa University.
 - Spring: **Multimodal Data mining**, taught at Khalifa University.
 - Spring: **Sustainable Energy**, taught at Khalifa University.
- 2017
 - Spring: **Machine Learning**, taught at Khalifa University.
 - Spring: **Topics in Computational Social Science**, at at Khalifa University.
- 2016
 - Spring: **Data Mining**, taught at Khalifa University.
 - Fall: **Multimodal Data mining**, taught at Khalifa University.
 - Fall: **Sustainable Energy**, taught at Khalifa University.
- 2015
 - Spring: **Topics in Computational Social Science**, at Khalifa University.
 - Fall: **Sustainable Energy**, taught at Khalifa University.
 - Fall: **Multimodal Data mining**, taught at Khalifa University.
- 2014
 - Spring: **Topics in Computational Social Science** at Khalifa University.
 - Spring: **Sustainable Energy**, taught at Khalifa University.
 - Fall: **Sustainable Energy**, taught at Khalifa University.

Student Supervision

Ph.D. students

1. Fengyan Liu.
 - Ph.D. student, Computer Science department, New York University, USA.
 - My role: Committee chair.
 - Expected graduation year: 2024.
 - Notes: Fengyan's findings were published in prestigious journals including **Nature Human Behaviour**, **Nature Communications**, and **PNAS**. Fengyan's findings were covered by media outlets, including: [Nature](#), [Times Higher Education](#), [Nature Middle East](#), [New Scientist](#), [Physics World](#), [University World News](#), [Khaleej Times](#), [Nature News and Views](#), [EurekaAlert](#), [American Physical Society](#), [University World News](#), [Science & Development Network](#).
2. Bedoor AlShebli
 - Ph.D. student, Computer Science department, Masdar Institute, Khalifa University, UAE.
 - My role: Secondary advisor (with Dr. Wei Lee Woon).
 - Graduation year: 2018.
 - Notes: Bedoor's Ph.D. findings were published in **Nature Communications**, and received media coverage from [Nature News](#) and [Physics World](#). Upon her graduation, Bedoor joined New York University Abu Dhabi as an Assistant Professor of Computational Social Science.
3. Fatimah Ishowo-Oloko
 - Ph.D. student, Computer Science department, Masdar Institute, Khalifa University, UAE.
 - My role: Committee chair.

- Graduation year: 2017.
 - Notes: Fatimah's findings were published in **Nature Machine Intelligence**, and made the cover of the November issue, 2019. The findings received coverage from: [Boston Globe](#), [Nature Middle East](#), [Khaleej Times](#), [Scientific American](#), [Psychology Today](#), [WIRED](#), and [New Statesman](#).
4. Mayada Oudah
 - Ph.D. student, Computer Science department, Masdar Institute, Khalifa University, UAE.
 - My role: Committee chair.
 - Graduation year: 2017.
 - Notes: Upon her graduation, Mayada joined the Social Science Experimental Lab at New York University Abu Dhabi.
 5. Sasan Maleki
 - Ph.D. student, School of Electronics & Computer Science, University of Southampton, UK.
 - My role: Secondary advisor (with Prof. Alex Rogers).
 - Graduation year: 2015

MS.C. students

1. Chien Chen. Computer Science department, Masdar Institute, Khalifa University.
2. Jwen Fai Low. Computer Science department, Masdar Institute, Khalifa University.
3. Maryam Al Mehrezi. Computer Science department, Masdar Institute, Khalifa University.
4. Sarah Bamatraf. Computer Science department, Masdar Institute, Khalifa University.
5. Pai-Ju Chang. Computer Science department, Masdar Institute, Khalifa University.

Capstone Projects (main advisor)

Project 20:

- **Title:** Neutralizing the Narrative AI-Powered Debiasing of Online News Articles
- **Student:** Kevin Chu
- **Duration:** from Feb 2024 to May 2025

Project 19:

- **Title:** From Pixels to Representations: Linking Human-Face Preview Effects to Variational Autoencoder Codes
- **Student:** Tarek Nabih
- **Duration:** from Feb 2024 to May 2025

Project 18:

- **Title:** Gender Diversity on Editorial Boards
- **Student:** Zachary Raye
- **Duration:** from Feb 2024 to Dec 2024

Project 17:

- **Title:** Interpretable Machine Learning Model for Predicting Activist Investment Targets
- **Student:** Minwu Kim
- **Duration:** from Feb 2023 to May 2024

Project 16:

- **Title:** Principal-Agent Relations with Bot Produced Contracts
- **Student:** Min Jie Kim
- **Duration:** from Feb 2023 to May 2024

Project 15:

- **Title:** The Influence of Agency on Social and Fairness Preferences in Human-Machine Joint Decision
- **Student:** Krisen Maskey
- **Duration:** from Feb 2023 to May 2024

Project 14:

- **Title:** Paraphrasing Detection in Scientific Literature
- **Student:** Dixit Timilsina
- **Duration:** from Feb 2023 to Dec 2023

Project 13:

- **Title:** Anomaly Detection Using AutoEncoders: The Advanced Persistent Threats Case.
- **Student:** Ngoc Nhu Hoang.
- **Duration:** from Feb 2022 to May 2023.

Project 12:

- **Title:** Investigating the Relationship between Citations and the Contributions of Algorithm Solvers.
- **Student:** Desmond Ofori Atta.
- **Duration:** from Feb 2022 to May 2023.

Project 11:

- **Title:** Ethnic Diversity in Editorial Boards.
- **Student:** Mathilde Simoni.
- **Duration:** from Feb 2022 to May 2023.

Project 10:

- **Title:** The Impact of Becoming an Editor.
- **Student:** Vee Nis Ling.
- **Duration:** from Feb 2022 to May 2023.

Project 9:

- **Title:** Revisiting YouTube Algorithm's Allegation of User Radicalization.
- **Student:** Sangjin David Lee.
- **Duration:** from Feb 2021 to May 2022.

Project 8:

- **Title:** Protecting Sensitive Information from Probing AI.
- **Student:** Nour Abdelmoneim and Jakub Niewiadomski.
- **Duration:** from Feb 2021 to May 2022.

Project 7:

- **Title:** Ageism in Academia: The Effects of Mean Academic Age of Teams.
- **Student:** Andriy Lunin.
- **Duration:** from Feb 2021 to May 2022.

Project 6:

- **Title:** Revisiting the Uncanny Valley using Generative Adversarial Networks.
- **Student:** Abdullah Zameek and Navya Suri.
- **Duration:** from Feb 2020 to May 2021.

Project 5:

- **Title:** Extending the Dollar Auction: The Power of AI in Shaping Conflict.
- **Student:** Domnica Dzitac.
- **Duration:** from Feb 2020 to May 2021.

Project 4:

- **Title:** Public Cooperation in a Human-Bot Society.
- **Student:** Julie Xi-Xuan Liu.
- **Duration:** from Feb 2020 to May 2021.

Project 3:

- **Title:** The Effect of Air Pollution and Republican Vote share on Police Performance and Racial Bias.
- **Student:** Teona Ristova.

- **Duration:** from Feb 2019 to May 2020.

Project 2:

- **Title:** AI Overcoming Human Bias: Eliciting Bias in the Public Goods Game.
- **Student:** Russell Coke and Robert Gordon.
- **Duration:** from Feb 2019 to May 2020.

Project 1:

- **Title:** Temptation of Citation: Quantifying Editor's Potential Misconduct in Academic Journals.
- **Student:** Fengyuan Liu.
- **Duration:** from Feb 2019 to May 2020.

Internal Service

- Chair of the **Visiting Professor Search Committee**, from Dec-2025 to Feb-2026.
- Chair of the **Instructor Search Committee**, from Aug-2024 to Sep-2024.
- **Ph.D. Programme Coordinator**, from Sept-2019 to May-2024.
- Chair of the **Visiting Professor Search Committee**, from Jan-2022 to May-2023.
- Chair of the **Lecturer Search Committee**, from Oct-2019 to May-2021.
- Head of the **Undergraduate Curriculum Committee**, from Nov-2017 to Nov-2018. Responsible for developing curricula and policies for undergraduate studies.
- Member of the **Graduate Selection Committee** for MSc students in the Department of Computer Science, from May-2017 to Nov-2018. Responsibilities included evaluating every MSc applicant to the Computing and Information Science programme.
- Member of the **Faculty Recruitment and Advancement Committee**, from Nov-2015 to Nov-2018. Responsibilities included evaluating every applicant to a faculty position in the university.
- Member of the **Ph.D. Admissions Committee** from Feb-2014 to Feb-2016. Responsibilities included evaluating every Ph.D. applicant to the entire university on a weekly basis.

Community Service

Tenure Evaluation:

- May-2024: I served as a tenure letter writer for an assistant prof. at **the University of Michigan, USA**.

Journal Editor:

- Editor of Artificial Intelligence Journal (**AIJ**), January 1st, 2023 to December 31, 2026.

Reviewer:

1. Reviewer: **Nature**, Nature Publishing Group (2025).
2. Reviewer: **Nature Communications**, Nature Publishing Group (2022, 2025).
3. Reviewer: **Nature Human Behaviour**, Nature Publishing Group (2018, 2023).
4. Reviewer: **Nature Machine Intelligence**, Nature Publishing Group (2020, 2023).
5. Reviewer: **Nature Neuroscience**, Nature Publishing Group (2025).
6. Reviewer: **Science Advances**, American Association for the Advancement of Science (2021).

7. Reviewer: **Communications Psychology**, Nature Publishing Group (2023).
8. Reviewer: **IC2S2**---International Conference on Computational Social Science (2024, 2025).
9. Reviewer: *International World Wide Web (WWW) Conference* (2021, 2026).
10. PC member: **ICSSI**---International Conference on Science of Science and Innovation (2023).
11. Reviewer: **UAE GSRC**---UAE Graduate Students Research Conference (2022).
12. Reviewer: *Artificial Intelligence (AIJ)*, Elsevier (2008, 2010, 2011, 2012, 2013, 2014, 2017, 2018).
13. Reviewer: **Constraints**, Springer (2018).
14. Reviewer: *Journal of Autonomous Agents and Multi-Agent Systems (JAAMAS)*, Springer (2007, 2009, 2010, 2014, 2016).
